

2/3/2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2024-25 educational progress for Insight School of Michigan. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Teresa Boardman for assistance.

The AER is available for you to review electronically by visiting the following website: [Annual Education Report](#) or you may review a copy in the main office at your child's school.

For the 2025-26 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-24. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as a Comprehensive Support and Improvement (CSI) school. As you can see the data contained in the AER, Insight School of Michigan (ISMI) does face some challenges in all tested areas (Math, English Language Arts (ELA), Science, Social Studies). ISMI's number of students meeting proficiency on the SAT in Evidenced Base Reading and Writing as well as in Math were lower than the state averages. In Evidenced Based Reading and Writing, ISMI had 23.37% meet the SAT proficiency benchmark compared to 47.11% statewide. In Math, ISMI had less than 5% meet the benchmark for proficiency compared to 34.81% statewide. On the MSTEP science 17.13% of ISMI students met the benchmark, compared to 39.57%. On the MSTEP social studies assessment, 40.11% of ISMI students met the benchmark, while 14.92% of students statewide met the benchmark. ISMI subgroups also scored below the state averages. In order to accelerate student achievement and close the gaps in achievement, ISMI has revised our advisor model, strengthened our attendance policy, enhanced our intervention programs, provide more credit recovery opportunities and offer evening tutoring hours.

State law requires that we also report additional information.

1. Students are assigned to ISMI based on parent and/or student (those over age 18) choice as a full-time virtual Public School Academy. Students must be over 16 years of age. Applications are completed online or by phone. More information can be found at <https://insightmi.k12.com/enrollment/> or by calling 877-842-3793.

2. ISMI currently has an up-to-date school improvement plan. ISMI has a School Continuous Improvement Committee, holds regular advisory meetings with stakeholders including a representative from the Michigan Department of Education, gains input from Title 1 feedback and other community stakeholders to make continuous improvement. ISMI has received accreditation through Congia.

3. ISMI is an alternative education school focused on credit recovery. ISMI is a single-building district and does not have additional specialized schools.

4. For a copy of the core curriculum, a description of its implementation, and any variances from the state's model, please contact Mrs. Teresa Boardman, Head of School by calling 517-580-0020 or by email: tboardman@12.com

5. ISMI utilizes NWEA as a nationally-normed achievement test to identify students with additional support needs throughout the year prior to state assessments. See aggregate data attached.

6. Due to the unique model of ISMI, Parent-Teacher conferences are held throughout the year at parent and student request. This is not specifically tracked as ISMI hold informal frequent conversations with students and families on a regular basis and provides more in-depth conference meetings on request and as seen to be needed by school administration.

7. Within our school over the last two academic school years:

a. Insight School of Michigan had 44 students or 17.67% enroll in post-secondary in 2024-2025 school year as compared to 38 students or 17.76% of students enrolled in post-secondary enrollment for the 2023-2024

b. Insight School of Michigan does not and has not offered College Equivalent Courses (AP/IB) over the last two years.

c. 20 students or 2.7% of students were enrolled in College Equivalent Courses in the 2024-2025 school year. While in the 2023-2024 school year Insight School of Michigan had 11 students or 2.04% of students enrolled in College Equivalent courses.

d. We have no information on the number of students with a score leading to college credit in College Equivalent Courses as Insight School of Michigan has not offered them in the last two academic years (2023-2024 and 2024-2025) and as such, these course reports were not provided to ISMI.

Insight School of Michigan continues to work on improving our programing and on increasing student proficiency. We will continue to monitor student progress and adjust our teaching and learning policies as needed for the best student outcomes. We work closely with our authorizer, Central Michigan University, our Governing Board, Michigan Department of Education, Eaton RESA and the community to identify best practices and supports for students and will continue to make continuous improvement.

Sincerely,

A handwritten signature in black ink that reads "Teresa M. Boardman". The signature is written in a cursive style with a large initial 'T'.

Teresa M. Boardman, Head of School 517-580-0020

Explanatory Notes

Due to statistical unreliability, summary data for groups of less than 10 are not shown.
 A goal mean shown with **bold italic** represents performance that might be an area of concern. A goal mean shown with **bold underline** represents an area of relatively strong performance.

Explanatory Notes

Due to statistical unreliability, summary data for groups of less than 10 are not shown.
A goal mean shown with **bold italic** represents performance that might be an area of concern. A goal mean shown with **bold underline** represents an area of relatively strong performance.
