ATTENDANCE POLICY

The law in Michigan governing compulsory attendance requires a parent/legal guardian, legal guardian, or other person having control or charge of a child aged six to sixteen to send the child to school during the entire school year, except under the limited circumstances specified in subsection (3) of [MCL 380.1561](#).

PROCESS FOR ATTENDANCE MONITORING

Students are required to follow the school calendar and participate in his or her assigned instructional schedule. In addition to time spent in live class sessions, attendance time can occur on any day (e.g., weekends, holidays, etc.). Students are expected to log into the online school each scheduled school calendar day as well as attend live class sessions.

ATTENDANCE IS DEFINED AS:

Participation in live class sessions (required), including any of the following activities:

- Attendance is lesson log-in activity and class participation, engagement, and academic progress.
- Engagement in a subject oriented telephone conversation.
- Two-way school email dialogue between the pupil and teacher.
- Documentation of activity/work between the observer and pupil via parent/legal guardian reported attendance in the Online School.
- Logging into Stride K12 systems or logging hours without two-way communication, participation, engagement, and academic progress **IS NOT** attendance.
- Students approved for FLEX must show documentation of activity/work and course progress in all classes.

ATTENDANCE RESPONSIBILITIES

- **Students are expected to follow their course schedule and attend all live class sessions for each assigned course unless they are approved for FLEX.**
- Extended absences due to family travel, except during normal school vacation periods, requires written notification and vacation contract approval by the Principal. This should be completed at least one week prior to the extended absence.
- Students must be full-time residents of the State of Michigan and spend the majority of their time physically within the State of Michigan. Students that are outside of the State of Michigan for extended periods of time may be subject to withdrawal from the school.
- The family is expected to maintain regular communication with the Insight School of Michigan teachers.
- Students and parent/legal guardians/observers should check their email and phone messages daily. Return response should be within 24 hours or on the next business day.
- **NEW STUDENT ATTENDANCE EXPECTATIONS.** All newly enrolled students must be actively engaged in all courses by the third (3rd) day following start of classes.
- All new families must attend a Strong Start Orientation and complete the "Introduction to Online Learning" (ORN) course via the online school.

REPORTING ABSENCES: Email your teacher if your student will be absent and unable to attend a live class session. Email the school if your student will miss an entire day of school.

Observers/Parents/Guardians should email ISMIattendance@insightmi.org to notify the school of student absences. State the reason for the absence in the email as well as the expected duration of the absence. Any time a student has missed three (3) consecutive days due to an illness, a doctor's note will be required and should be submitted via email to the student's advisor or ISMIattendance@insightmi.org.

Excused vs Unexcused Absences.

For all students, there is a consequence for all absences, whether excused or not, which is the missed opportunity for learning. (MDE July2026)

EXCUSED ABSENCES: The school recognizes that absences due to student illness, death in the family, prior permission to leave school by parent/legal guardians and administrator, required court appearance, religious observations, family emergencies, counseling, or administrative appointments may be excused. Any time a student has missed three (3) consecutive days due to an illness, a doctor's note will be required and should be submitted via email to the student's advisor or ISMIattendance@insightmi.org. **Remember that regardless of the absence reason, students are expected to make up work.**

Observers/Parents/Guardians should email ISMIattendance@insightmi.org to notify the school of student absences. Include the reason for absence and the dates to be excused.

UNEXCUSED ABSENCES: An unexcused absence is an absence not recognized by state law or Insight School of Michigan. Unexcused absences may result in loss of credit for assignments missed.

TRUANCY: Compulsory attendance of all students between the ages of 6 and 18 shall be enforced in compliance with the laws of the State of Michigan. A student's excessive absences may result in the referral of the student and the student's parent/legal guardian to the appropriate party. Excessive absences may lead to a student being withdrawn from Insight School of Michigan.

EXCESSIVE ABSENCES AND TRUANCY POLICY

Students must attend all live required class sessions scheduled.

Student attendance is tracked upon enrollment. Attendance expectations are communicated to all new and returning families during school onboarding. All absences must be communicated to Advisors by a student's Observer or legal guardian. ISMI chooses to proactively work with students who have habitual truancy or attendance issues. ISMI understands that students face barriers that may make them at risk of dropping out of school. We aim to work with our students and school families to remove barriers and support student success.

Excused and unexcused absences will be monitored daily. Students/Observers will receive notification of absences from the school. Students must comply with requirements at that time, such as signing an Attendance Contract, working with an Advisor to create a Student Success Plan, or requesting an approved Attendance Plan. Students who accumulate 10 or more unexcused absences are at risk of being withdrawn due to non-compliance with attendance policies. If withdrawn due to truancy or attendance, re-enrollment may not be possible. After the above-mentioned attempts have been made to improve a student's attendance, including attending required live class sessions, the school has the right to withdraw the student for no attendance. Additionally, the school has an obligation to inform the truancy officer or appropriate party for the ISD the student lives in.

PROCESS FOR ATTENDANCE MONITORING TRUANCY: a student will be considered truant after accruing ten (10) or more days of unexcused absences or lack of engagement/participation.

INSTRUCTIONAL TIME

Michigan requires all public schools to offer a minimum number of hours for first through twelfth grades (including alternative education), as specified in Section 101 of the State School Aid Act is 1,098 hours of pupil instruction. Instruction occurs through the curriculum and assigned course work, synchronous and asynchronous lessons, school email dialog, as well as telephone conversations or face-to-face interaction. To meet the 1,098 hours of pupil instruction, full-time high school students are assigned a minimum of 4 courses.

EDUCATIONAL LEAVE: Students may be excused for educational trips not sponsored by the school according to the Michigan School Code. Requests must be approved by the principal. Please understand that it shall be the family's responsibility to contact the teacher(s) to determine what obligations must be met because of this proposed absence. Further understand that:

- absence will be no more than ten (10) school days.
- no absence will occur in the last ten (10) days of the school year.
- experiences such as "Long Weekends" and "Vacations" will not justify any request.
- requests must be submitted and approved no later than 24 hours prior to the trip.
- requests will not be approved for time off during the state testing window.
- requests will not be approved for time off during interim testing windows.

INSIGHT SCHOOL OF MICHIGAN (ISMI)

STUDENT CONTINUED ENGAGEMENT PLAN

SCHOOL YEAR 2026-2027

What to do when the Online Platform is down

K12 Virtual Schools LLS (Stride K12) virtual high school runs on a dedicated learning platform that requires occasional maintenance in order to protect user data and improve functionality. In the event of an outage, students and observers are required to have a plan in place to ensure continuity of education. ISMI recommends the following steps:

Be prepared in advance by doing the following things on the first day of school:

1. Download your course textbooks
2. Save and print a copy of your advisor's phone number and contact information.
3. Save and print a copy of all your teachers' phone numbers and contact information.
4. Save a copy of your course guides from your teachers.

If you are unable to log in to the learning platform(s), your first stop should be <http://help.k12.com> to see if the outage is known and has been posted by Stride K12. You can also check the Stride K12 Facebook page (<http://www.facebook.com/Stridek12>) for updated outage information.

What if there is a service disruption and I can't login and access my Class Connect sessions?

- Students will be notified via email that Class Connect is down, and sessions are canceled until service resumes.
- Students will be notified via email when sessions do resume.
- In the case of email being affected or an extended system outage, ISMI may send out a robo-call and/or a robo-text if needed to let students know about an extended system outage and update when the system is back online.
- Students will not be penalized for required sessions that were missed during the outage.
- Teachers will conduct make up sessions that were missed and post recorded content sessions.
- Attendance will not be held.

What should I do if the Stride K12 Online High School is interrupted, and I can't login and access my courses?

There are many things students can work on outside of the Online Course Content. System interruptions should not mean interruptions in learning.

- Print or save a copy of your course plan/calendar so you can access to see what can be worked on offline
- Log onto Khan Academy and work through lessons from your teachers or Knights Learns class
- Read books or other activities/assignments in course materials to keep up with Course Plan as much as possible – lesson assignments can be submitted when the systems are back up and running
- Study for upcoming quizzes
- Find other educational activities to complete
 - Find home science experiments online to try
 - Watch educational web videos pertaining to your subjects (History channel, PBS)

What to do when Class Connect or another site is down but the Online School System is working

If Class Connects go down and you miss live sessions but the online course materials are still available, send your teacher an email that Class Connect is not working for you. Then, work in your online course and submit assignments.

What if I'm on another site for class, like NWEA, BlueBook, or Khan Academy, but it isn't working for me?

If during a class session, tell the teacher right away and ask for help. If outside of a live class, try logging back in a few times but if it isn't working email your teacher or Advisor that you can't access the site. Then work on other assignments.

How will we know when systems are back up and running?

Check the following places for updates on all systems outages, and keep checking back to login about every 30 minutes to see if the affected system is back up and running again:

- Check Student/OBSERVER Email
- Stride K12 Customer Care: <http://help.k12.com>
- K12 Facebook: <http://www.facebook.com/StrideK12>
- ISMI Facebook: <http://www.facebook.com/InsightMichigan>
- Robo-call and/or robo-text in the case of email being affected or an extended system outage

What to do if your Connection at Home goes down

Life happens. We understand! If your internet is out and you can't log on, don't panic.

What if my internet or power goes out at home?

We ask that you have a back-up plan, such as using a hot-spot or going to a public library or a relative's house.

While your connection is down, take your learning offline. Read your assigned books or offline readings. Keep up with your course plans as much as possible. You can work on your laptop without internet and lesson assignments can be submitted when your connection is back up and running.

Once you're able to gain access again, follow up with your Advisor so they can excuse the appropriate absence due to tech issues. Email your teachers or go to help sessions to check in with them about what you missed. Watch recordings of missed Class Connect sessions. Keep up with your coursework.

What if my laptop isn't working and I can't access the online system or Class Connect sessions?

1. First, try turning off and restarting the laptop.
2. Contact your Advisor by phone, text, or email.
3. You can also go to www.help.k12.com on a mobile device and fill out a help ticket. Again, write down your Case Number and give it to your Advisor. Advisor contact info on next page.

ISMI Communication Plan

Outages will be reported by the Operations Manager, Principal, or Head of School to the school staff. School staff will contact students and parents via email robo-call, and/or robo-text with information related to the outage.

NO INTERNET ACCESS/POWER OUTAGE: students who are unable to log into school or have a power outage must have an alternative plan to go to a public library/public location with computer access to do their schoolwork. If the student does not have a back-up plan and cannot go to a public library/location, the student must notify his or her advisor within 24 hours to legitimize the reason for the absence.

Stride K12 SYSTEMS OUTAGE: students need to use this time to read, to study, and/or to work on their social emotional learning. **In the case of a system outage, the school will communicate to Students and Parents.**

STANDARDIZED TESTING ATTENDANCE

Attendance at testing is required by Insight School of Michigan as a condition of enrollment. Testing will be conducted at a variety of sites around the state. Efforts will be made to locate a testing site within an hour of your home. In certain cases, it may be necessary to travel longer than an hour. These tests are given over a multi-day period depending on a student's grade level. Specific testing dates and locations will be published no later than two weeks prior to the testing window. The school cannot guarantee that the student's assigned teacher will be the test proctor. The school does attempt to assign teachers to testing sites where many of their students will be participating. As part of the school program or District curriculum, students will not be required to submit to or participate in any survey, analysis, or evaluation that reveals information of a personal nature in accordance with Board policy and Federal guidelines. Depending on the type of testing and specific information requested, parent/legal guardian (or student) consent may need to be obtained. ISMI will not violate the rights of consent and privacy of a student participating in any form of testing.

Required tests include PSAT 9 for grade 9, PSAT 10 for grade 10, and the Michigan Merit Exam (MME) for students in grade 11 and eligible students in grade 12 based on Michigan high school standards. The MME is administered each spring and consists of three components: College Board SAT® with Essay Evidence-Based Reading & Writing and Math, a job skills assessment that is determined by the state of Michigan, and WIN testing. Students who do not participate in the Michigan Merit Exam requirements will be recommended to administration to be withdrawn from Insight School of Michigan.

HIGH SCHOOL ACADEMIC PROGRAM

Stride K12 utilizes their Learning Management System (LMS) to provide the online school campus and courses. The school campus site features school announcements, messages from the administration, access to important documents, club and organization information, guidance counseling resources, and courses- all combined into one interactive and easy to use interface. The student calendar which shows assignments and due dates for all courses in one easy to use tool, helps students to stay focused in every course. Courses provide dedicated tools, like a teacher syllabus and announcements, a Raise Your Hand area to ask course-related questions for their teachers, easy to use online assessments, and an electronic drop-box for assignment submission. These all work together to provide a rich course experience for students.

At the center of the Insight School of Michigan High School program is the Insight School of Michigan student.

High School students will have a combination of quarterly and semester courses. Courses consist of multiple units, lessons, and activities. Teachers deliver lectures live or recorded; students also work through expertly designed lessons online which allows students to follow their own personal daily schedules. They serve to instruct, to provide practice and exploration and to assess student learning daily, based on a minimum pace and schedule that fits each student. Teachers post announcements and indicate the lessons, activities, and assessments to be completed each week on the course calendar. All work assigned for a single week must be received on the dates indicated.

The Insight School of Michigan's High School program is primarily synchronous or live instruction and students will follow a regular daily schedule. Teachers provide asynchronous and synchronous support to provide flexibility to students whose schedules do not easily align to the school schedule.

Course activities may include:

- participating in live class sessions
- reading online text and transcripts
- viewing moving and static images and streaming video
- listening to audio recordings and pronunciations
- linear and interactive animations and simulations
- hands-on and virtual activities
- threaded discussions with teachers and fellow students in a section, cohort, or group
- teacher announcements
- online self-check exercises
- off-line activities as part of the course curriculum
- teacher-created instructional materials
- meeting with teachers outside of scheduled class times.
- Interaction with teachers and peers on microphone, camera, and text.

Student learning will continue to benefit from close relationships among parent/legal guardians,

students, advisors, teachers, and other support personnel. For students to achieve mastery of high school level courses, the instructional component will rely upon highly qualified teachers who will serve as coaches and guides through a clearly defined, high-quality curriculum.

Parent/legal guardians or caring adults (referred to as Observers) will still be crucial as motivators and coaches. Also, student academic success in virtual high school will depend upon the student's level of engagement with the curriculum and interactions with their teachers. The Observer is primarily responsible for student attendance and engagement.

STUDENT REQUIREMENTS

We currently provide the Stride K12 curriculum and services to students in ninth through twelfth grade. Students are required to:

- log in each school day and attend required sessions synchronously (unless approved for FLEX)
- communicate with teachers and other staff (email, text, instant messaging, phone, etc.)
- follow course calendar and announcements
- complete assignments on (or before) due dates before the end of each day
- spend 7 hours per day completing work and participating in instructional activities
- submit assignments on or before the due date directly to their teacher in each course
- read teacher feedback and use it to improve their work on future assignments
- communicate directly with the teacher when they have any questions or problems related to the curriculum, or if they need an extension
- check in with their advisor regularly (depending on the individual needs of the student)
- participation in surveys provided in their email. As part of the school program or District curriculum, students will not be required to submit to or participate in any survey, analysis, or evaluation that reveals information of a personal nature in accordance with Board policy and Federal guidelines.
- Complete all required state and district assessment
- Actively participate in course activities as designed.

CREDIT RECOVERY OPTIONS

Select core content courses are offered as credit recovery courses. Credit recovery courses are asynchronous and taught by qualified teachers. All Credit Recovery courses will receive a grade. If a student fails to engage in the course, they may receive an F on their transcript for the course. Additional courses may be available during summer school.

TEACHERS

Teachers are approved by the state of Michigan to teach their course content. Teachers set due dates for assignments, and then grade, provide feedback, and return assignments to students. Teachers answer student questions via school email and phone and hold weekly live content sessions during which students and parent/legal guardians can attend for more clarity on difficult topics. Teachers may also provide one-on-one and small-group instruction to students who experience difficulty with certain topics. Teachers communicate directly with students and parent/legal guardians/Observers regarding student progress and missing/late assignments. Special Education teachers ensure that students with Individual Education Programs (IEPs) receive the accommodations and adaptations required to ensure their success and compliance with their IEP.

HIGH SCHOOL GRADING and ACADEMIC INTEGRITY POLICY

Graded activities in the Insight School of Michigan high school-level courses will be assigned points. A student's final grade will reflect the actual points earned, compared to the total points possible. Teachers will use these points to assign letter grades, according to their grading policies.

Students and Observers can access the current grades for all courses by viewing their accounts in the LMS or the My Info area, at any time during the quarter. Students are responsible for their own work on unit tests and final exams. Students are not allowed to share work with other students on unit tests or final exams. Unless otherwise noted, tests and quizzes are not "open-book" assignments. If a student does not complete his own work or shares his work with others on unit tests and/or final exams, they will not receive credit for the work.

Students must cite sources in all assignments, tests, and exams. Students will not receive credit for work that does not appropriately cite sources. If a student uses information from a source, but does not cite the source, the student may receive a low grade for that assignment. For a student to succeed it is imperative for the OBSERVER to monitor academic progress daily/weekly. Report cards are not sent out quarterly because the OBSERVER has daily access to grades earned. Observers should be fully aware of their student's academic progress because they are monitoring their work/grades.

Academic integrity is highly valued at Insight School of Michigan. If school staff or administration express concerns regarding misuse of school hardware, log in credentials, or submission of student's authentic work, an investigation may be conducted by a school administrator or their designee. This may include asking students and Observers to verify their identities online.

Incidents involving plagiarism and cheating are serious offenses that warrant immediate administrative attention. Students are required to submit original work. They are obligated to cite the sources of all references they use. Many courses require written work in which you will need to cite sources. Any direct quotations from your textbook can be cited as (Author, page number). Any quotations from outside sources require full citations, including author, title, publisher, date of publication, and page number. If you are citing information found on a website, provide the complete web page or site title, URL, author (if known), page number (if applicable), and publication date of the site (if available).

Plagiarism is defined as turning in any work that is not your own.

- **Submitting AI (Artificial Intelligence) produced work as student work is plagiarism and considered a violation of the academic integrity policy.**
- **Cutting and Pasting from the internet is plagiarism and considered a violation of the academic integrity policy.**

Non-citation infraction:

- 1st incident = Failing grade on assignment
- 2nd incident = Failing grade on assignment and administrative review

Citation infraction

- 1st incident = Counseling on correct use of citations
- 2nd incident = Failing grade on assignment
- 3rd incident = Failing grade on assignment and administrative review

Note: **Turnitin.com** and other verification platforms are used to ensure plagiarism does not occur within assignments.

EVIDENCE OF MASTERY

Grades will be determined based on how students perform on graded activities within each course. Graded activities may include:

- online or paper-based worksheets and practice sets
- Quizzes
- exams (e.g., Unit, Semester, Final)
- threaded discussions
- essays, research papers, and other writing assignments
- Presentations
- Live discussions in class with the instructor

Assignments will be teacher-graded or computer-graded, depending on the assignment. During the semester students can view their grades in the Online Platform. Your teachers, administrators and parent/legal guardians also have access to your grade information.

GRADE APPEAL PROCESS

Students should first speak with the teacher who issued the grade to make sure the student understands how the grade was earned/calculated. If this conversation resolves the dispute, the process ends here. If the teacher agrees there was an error in the grade, the teacher will email the counselor the new grade and the counselor will change it on the transcript. If the issue is not resolved, a meeting can be requested to be held with the family, teacher, and Principal. The decision of the principal is final.

RETAKING COURSES

Students who have earned a grade of D- or better in a course may repeat a course but may not earn additional credit toward graduation by repeating the course. The original and the new grade will both be represented on the transcript and calculated into a student's GPA.

Graduation Plans: **Graduation Planning**

Students are responsible for monitoring their academic progress toward meeting ISMI graduation requirements by reviewing their Graduation Plan in Naviance. Graduation Plans are available through Naviance using single sign-on and should be reviewed at least quarterly to ensure students remain on track for graduation.

Students can access their Graduation Plan here: <https://student.naviance.com/gucvw>

ISMI and the Stride K12 education community are committed to helping students grow, learn, and design a successful path to high school graduation. Stride continues to make enhancements to the graduation planning platform, and updates will be communicated throughout the school year as new features become available.

Parents and guardians serving as Observers are encouraged to review their student's Graduation Plan to better understand graduation requirements and academic progress.

Students with questions about their Graduation Plan, course progress, or graduation eligibility should contact their school counselor for assistance.

PERSONAL CURRICULUM

The personal curriculum is available to students to accelerate or modify the learning environment to succeed with the Michigan Merit Curriculum. If you are interested in learning more about a personal curriculum, see the counselor or principal.

Additional resources regarding personal curriculum can be found on the Michigan Department of Education website and this guide to personal curricula:

- http://www.michigan.gov/documents/mde/Enrichment_482097_7.pdf

Why request a Personal Curriculum to the Michigan Merit Curriculum?

- To modify the mathematics requirements.
- To substitute additional mathematics, science, English language arts or world languages credit.
- To modify credit requirements due to a disability as outlined in a student's IEP.
- To properly place a student transferring into a local school district from out-of-state or a non-public school.

*To see Michigan Merit Curriculum Law in its entirety, see MCL 380.1278a and MCL 380.1278b at <http://www.legislature.mi.gov>.

TESTING OUT

Any high school student who wishes to test-out of a course in which they are not enrolled may do so by taking the final examination for the entire course and receiving a grade of at least C+ or by demonstrating mastery of the subject matter as determined by the assessment used in lieu of a final examination. Credit for a course earned by a student through this process may be used to fulfill a course or course-sequence requirement and be counted toward the required number of credits needed for graduation but may not be used to determine the student's GPA.

Once credit is earned under this section, a pupil may not receive credit thereafter for a course lower in course sequence concerning the same subject area. (MCL 380.1279b)

Students can apply to test out prior to ONE WEEK FROM THE LAST DAY OF EACH COURSE in writing to their instructor. Testing out will take place in person or in a virtual proctored setting, on camera, with a school proctor.

OTHER GRADUATION CONSIDERATIONS

Mid-Year completion:

1. Students who have earned sufficient credits to graduate will be issued a "letter of completion".
2. Students will be issued a diploma at the end of the school year.
3. Early Graduates are eligible to participate in the graduation ceremony.

Alternative Pathways:

1. The Guidance Department will consider additional pathways towards graduation with the approval of the Principal or Head of School.
2. All students must meet the requirements of the Michigan Merit Curriculum.

Graduation at an accelerated rate will be considered when:

1. The student has completed the Michigan Merit Curriculum requirements at Insight School of Michigan.
2. The student has, in writing, petitioned for early graduation to the Principal or Head of School at Insight School of Michigan stating the reason for accelerated graduation, how they will meet the graduation credit requirements and post-secondary plans.
3. The Head of School approves the student accelerated graduation request.

AWARDING OF EXTRA CREDIT

Extra credit is awarded at the discretion of the individual teacher. Teachers will post their extra credit policies and opportunities within their individual courses. Extra credit should not exceed 2% of the overall course grade.

NCAA

Please note, as ISMI is a credit recovery focused school, courses may not meet the NCAA (National Collegiate Athletic Association) requirements.

PROGRESS UPDATES

Observers are responsible for checking their student's progress in the school's learning platform. Report cards are not sent out quarterly because the OBSERVER has access daily to grades earned. Observers should be fully aware of their student's academic progress because they are monitoring their work/grades. A transcript can be requested for college through the parchment system at www.parchment.com.

DETERMINING CLASS RANK

Class rank is determined by rank ordering the cumulative grade point average of all students within a grade level. Valedictorian and Salutatorian need to be of the correct cohort year and enrolled for the full current academic school year.

LATE WORK POLICY

It is important that student's complete assignments and stay on schedule. Staying current with assignments will allow teachers to be better able to provide group, as well as individual, assistance. Our curriculum provides due dates for assignments. Students should complete assignments by assigned due dates. In the event a student does not complete the assignment, test, exam, etc., by the assigned due date, the teacher will enter a 0 (Zero) into the grade book for that assignment, test, or exam on a weekly basis. Students will have an opportunity to replace a zero with the points associated with their performance on the assignment, test, exam, etc. Please contact your teacher or review the course syllabus to view the late policy for your courses. Concerns about a teacher's decision regarding late work should be directed to the ISMI Principal.

COURSE EXTENSIONS

Students may request an extension of up to 5 school days beyond the end of the term under any of the following circumstances:

- Student has attempted at least 60% of the total points possible and maintained regular contact with the teacher in the course.
- Student makes a formal, written request to the instructor.
- Student cites the reasons for which they are requesting the extension and gives a detailed plan for completing the course within the requested extension.
- Must meet one of the acceptable reasons listed below, as documented by a teacher, counselor, At-Risk Coordinator, Principal, or Head of School:
 - Medical issues
 - Family issues
 - Psychological/emotional issues
 - Employment/commitment issues
 - Significant technology issues

Extensions are granted at the discretion of the course instructor. If the instructor denies an extension, the student may appeal the decision to the Principal. Appeals must be registered no more than three school days after the instructor's e-mail informing the student of their request status. A course extension for that semester will not be granted for any student in violation of the Academic Dishonesty policy. A final grade will be applied to this course following the extended time.

AGE OUT POLICY

A pupil shall meet the minimum age requirement to be eligible to attend school under section 1147 of the revised school code, MCL 380.1147, or shall be enrolled under subsection (3) of that section and shall be less than 22 years of age on September 1 of the school year.

A student under age 26 as of September 1, without a high school diploma, who qualifies for special education services and is enrolled in an approved program or service, is eligible to attend school.

WORK PERMITS

Refer all Work Permit questions to Advisor. Work permits may be obtained at your local school district or by contacting the Michigan Department of Education: Office of Career and Technical Education at 517.335.6041 or at <https://www.michigan.gov/leo/bureaus-agencies/ber/wage-and-hour/work-permits>. The State of Michigan regulations control the employment of minors. Minors between the ages of 14 and 18 must have a work permit before they can be employed. A student shall have obtained the age of 14 to be issued a work permit. NOTE: PERMITS MAY BE REVOKED BY THE SCHOOL IF A STUDENT'S ATTENDANCE OR ACADEMIC ACHIEVEMENT IS AFFECTED ADVERSELY BY THEIR EMPLOYMENT.

Insight School of Michigan will follow state guidance.

FAMILY DIRECTORY

Accessed through the learning platform, this secure directory allows parent/legal guardians to find other parent/legal guardians by location, student grade levels, special interests and more. Parent/legal guardians may search by name and other information in a parent/legal guardian profile. The new directory is automatically updated as a parent/legal guardian's status changes, such as if a parent/legal guardian has changed location or an e-mail address. There is an online opt-in/out capability through the learning platform. Parent/legal guardians can easily include or exclude themselves from the directory.

STUDENT SUPPORT

AT-RISK PROGRAM

Insight School of Michigan supports the academic achievement of all students, particularly those most at risk. The school has a strong commitment to the federally mandated goals of Every Student Succeeds Act (ESSA). It is a priority to build strong parent/legal guardian/teacher/student relationships and address the specific needs of individual students. Students identified as at risk of falling behind will be directed to additional support.

The At-Risk Program at Insight School of Michigan uses an early intervention process to identify and serve struggling students. This process includes parent/legal guardians, teachers, At-Risk Coordinator, support staff, and administrators. It uses a multi-tier model of service delivery, problem-solving methods to make decisions, and research and evidence-based interventions, supports, and instruction. If a teacher identifies an area of weakness for any student and prescribes intervention strategies and activities supplementing daily curriculum, it is expected that the student follow the prescribed plan which could include mandatory sessions. Attendance is expected at all required sessions and student participation required. Additional assignments may be requested, but if a student does not participate, he or she will be subjected to the attendance policy.

TITLE I SCHOOLWIDE PROGRAMMING AND PARENT/LEGAL GUARDIAN INVOLVEMENT

Insight School of Michigan receives supplemental Title I federal funding to support all students struggling academically. The Title I Team includes academic interventionists in reading and math and a credit recovery coach. We hold a schoolwide Title I program. The staff at Insight School of Michigan recognize the importance of parent/legal guardian involvement in the online educational process. Parent/legal guardians and students are valuable partners in our mission to prepare

students for high school graduation. We encourage all our parent/legal guardians to participate in activities such as our annual Title I meeting, orientation sessions, live launch sessions, parent/legal guardian-school committee meetings, parent/legal guardian/teacher conferences, school improvement meetings, and classroom volunteering. An Annual Title I Parent/legal guardian Meeting is held in compliance with ESSA laws at a convenient time, allowing parent/legal guardians to learn about the school's program and their rights as partners in their student's learning. The annual meeting will be held virtually in the first quarter of each school year. The virtual Annual Title I Parent/legal guardian Meeting will be recorded and shared with families via email and in the school's online resource library. Parent/legal guardians will be asked to review requirements and their right to be involved in Title I programs. Parent/legal guardians will be invited to communicate with the Title I Coordinator to provide feedback on specific sections of the Parent/legal guardian Involvement Policy over the course of two weeks following the Annual Parent/legal guardian Meeting. The Title I Coordinator will send a follow up survey after the Annual Title I Parent/legal guardian Meeting. The survey will provide parent/legal guardians with an additional space for sharing suggestions in writing.

STUDENT SUPPORT SERVICES

Student Support Services staff work to empower students to overcome challenges – academic, social, emotional, or otherwise – to succeed in school and beyond. This holistic approach involves all school staff, including teachers, administrators, Counselors, Advisors, At-Risk Coordinator, School Social Worker, and support staff, and linking families to school and community-based resources. All Student Support Services roles and teachers work with families to provide the support needed to foster at least one year of academic growth for every student.

Student Support Services includes a Student Support Team of Advisors, Engagement Coordinator, and led by the At-Risk Coordinator.

Student Support Team Goals

- Promoting successful onboarding and meaningful connections to the school for all students
- Early identification of students needing additional layers of support or intervention
- Ensuring interventions are implemented with fidelity and within established timelines
- Properly documenting connections, support, and interventions to ensure students receive the support they need to succeed
- Commitment to engaging all students and families
- Commitment to ongoing development and improvement of student support program

Every student deserves the best support we can provide. Student Support Services and Teachers work with students from their first day to their last. Some of these supports can include support plans, attendance contracts, phone calls, emails, live online conferences, text messaging, or even face-to-face get-togethers. Our focus is to engage our students fully, giving students the best opportunity to succeed academically. If a student starts to struggle, a referral is made for increased student support. When a referral is made, students will receive interventions intended to increase engagement and academic outcomes. This is done through the Multi-Tier System of Supports (MTSS) Process. Students and Observers can contact the school for more information about these programs and supports.

COUNSELING OPPORTUNITIES

Insight School of Michigan will provide all students with a developmentally appropriate comprehensive school counseling program. The school counseling program guides students through a systematic approach to developing the academic, personal/social and career skills of each student. Insight School of Michigan will use a combination of curriculum, web-based tools, and strategies that have demonstrated success. The school counseling program is a key piece of the school's mission to make all students college and career ready as they prepare for the complex demands of the 21st century.

Insight School of Michigan will offer the following components to support our comprehensive school counseling program.

- career assessment, exploration, and skills development
- individual and group counseling services for all students on personal/social issues
- study skills as determined by needs assessment
- developmental guidance curriculum to promote the academic success and personal growth of every student
- parent/legal guardian outreach, education, and support services, facilitating community resources and referral programs
- individualized academic advisement and graduation planning, ensuring all students on time graduation with the most appropriate course selection,
- college and postsecondary education counseling and web-tools that guide students through the preparation, selection, application, and admissions processes
- Students will be provided with the opportunity to develop and review a personal Educational Development Plan (EDP)

SOCIAL WORK SERVICES

The School Social Worker (SSW) is available for support to all ISMI students. SSW offers students an array of support including limited counseling services, engagement support, and connecting students and families to community resources. The SSW offers students individual as well as group support. Individual support is available as needed. Group support is offered monthly in collaboration with the School Counselors. All support provided by the SSW is voluntary. Support is based on the students' individual needs. Support can be provided through phone calls, emails, and online sessions. The SSW is available if a student needs to talk or just needs someone to listen.

THE MCKINNEY VENTO ACT: Homeless Children and Youth Policy

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of ISMI. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. ISMI will establish safeguards that protect homeless

students from discrimination on the basis of their homelessness. ISMI will regularly review and revise its policies, including school discipline policies that may impact homeless students, including those who may be a member of any of the Protected Classes.

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or
- F. live in a car, park, public space, abandoned building, substandard housing, bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

Services to Homeless Children & Youth

ISMI will provide services to homeless students that are comparable to other students at ISMI, including:

- A. transportation services;
- B. public educational programs and services for which the homeless student meets eligibility criteria including:
 - 1. programs for children with disabilities;
 - 2. programs for English Learners (ELs) (i.e., students with Limited English Proficiency (LEP);
 - 3. programs in career and technical education;
 - 4. programs for gifted and talented students;
 - 5. school nutrition programs; and
 - 6. before - and after-school programs.

The Board will appoint a Liaison for Homeless Children who will perform the duties as assigned by the School Leader. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths.

School Stability

Maintaining a stable school environment is crucial to a homeless student's success in school. To ensure stability, ISMI must make school placement determinations based on the "best interest" of the homeless child or youth based on student-centered factors. ISMI must:

- A. continue the student's education in the school of origin for the duration of

homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or
B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

When determining a child or youth's best interest, ISMI must assume that keeping the homeless student in the school of origin is in that student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or the student if he or she is an unaccompanied youth. The school of origin is the school the student attended or enrolled in when permanently housed, including a public preschool. The school of origin also includes the designated receiving school at the next level for feeder school patterns, when the student completes the final grade level at the school of origin.

When determining the student's best interest, ISMI must also consider student-centered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student's parent or guardian, or youth (if an unaccompanied youth). ISMI also considers the school placement of siblings when making this determination.

If ISMI finds that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, ISMI must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

ISMI has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or ISMI. These records include immunization or other required health records, academic

records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, ISMI will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available). Additionally, ISMI should consider giving homeless children and youth's priority if there is a waitlist for these schools, programs, and activities.

Transportation

ISMI, through the efforts of the Homeless Liaison (HL) and cooperating staff, is responsible for providing transportation for verified McKinney-Vento Act families in the following situations:

1. To attend mandatory testing
2. To attend graduation
3. To attend field trips

HL will reach out to family to determine if student needs transportation assistance. Family is responsible for informing HL that student is in need of transportation

1. In accordance with the McKinney-Vento Act, ISMI will provide transportation to state testing for homeless families.
 - *HL will collaborate with the testing coordinators to assist in identifying the families who need assistance.*
 - *Once a family is identified as needing transportation assistance, the best mode of assistance will be identified by the family, site coordinator, and HL.*
 - *Typical types of assistance include, but are not limited to gas cards, Uber rides, taxi rides, or bus passes.*
2. In accordance with the McKinney-Vento Act, ISMI will provide transportation to graduation for homeless families.
 - *HL will collaborate with the testing coordinators to assist in identifying the families who need assistance.*
 - *Once a family is identified as needing transportation assistance, the best mode of assistance will be identified by the family, site coordinator, and HL.*
 - *Typical types of assistance include, but are not limited to gas cards, Uber rides, taxi rides, or bus passes.*
3. In accordance with the McKinney-Vento Act, ISMI will provide transportation to field trips for homeless families.

- *HL will collaborate with the testing coordinators to assist in identifying the families who need assistance.*
- *Once a family is identified as needing transportation assistance, the best mode of assistance will be identified by the family, site coordinator, and HL.*
- *Typical types of assistance include, but are not limited to gas cards, Uber rides, taxi rides, or bus passes.*

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, ISMI must follow its dispute resolution procedures, consistent with the State's procedures. If such a dispute occurs, ISMI will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, ISMI and Board of Directors policies, ISMI will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by ISMI or State, along with a written explanation of appeal rights.

ISMI's notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school's decision and information related to the eligibility or best interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. ISMI must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. ISMI will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

ISMI ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominant language is not English, ISMI will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to federal laws.

ISMI will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, ISMI shall post public notice of educational rights of children and youth experiencing homelessness in the school office.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school. All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330, and in such a manner so that they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student's living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. ISMI shall incorporate practices to protect student privacy as described in AG 5111.01, AG 8330, and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

YOUTH IN FOSTER CARE

ISMI recognizes the importance of educational stability for children and youth in foster care. Further, ISMI recognizes these children and youth as a vulnerable subgroup of students in need of safeguards and supports to facilitate a successful transition through elementary and secondary education and into college and/or careers. To that end, ISMI will collaborate with the Michigan Department of Education (MDE) and the appropriate child welfare agencies to provide educational stability for children and youth in foster care.

Definitions

Children who meet the Federal definition of "in foster care" will be provided with a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, students in foster care will not be stigmatized or segregated on the basis of their status. ISMI shall establish safeguards that protect foster care students from discrimination on the basis of their foster care status or other of the recognized Protected Classes (Policy 2260). ISMI shall regularly review and revise its policies, including academy discipline policies that may impact students in foster care.

Consistent with the Fostering Connections Act, "foster care" means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in:

- A. foster family homes
- B. foster homes of relatives
- C. group homes
- D. emergency shelters
- E. residential facilities
- F. childcare institutions
- G. preadoptive homes.

A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the State, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is Federal matching of any payments that are made. (45 C.F.R. 1355.20 (a)).

School Stability

ISMI shall remove barriers to the enrollment and retention of children and youth in foster care in school. Foster care students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, academy records, and other documentation.

ISMI will meet the Title I requirements for educational stability for children and youth in foster care, including those awaiting foster care placement. ISMI will identify which students are in foster care and shall collaborate with State and tribal child welfare agencies to provide educational stability for these children and youth. ISMI staff will work closely with child welfare agency personnel to develop and implement processes and procedures that include these enrollment safeguards:

- A. a child/youth in foster care shall remain in their school of origin, unless it is determined that remaining in the academy of origin is not in that child's best interest;
- B. if it is not in the child's best interest to stay in their school of origin, the child shall be immediately enrolled in the determined new academy even if the child is unable to produce records normally required for enrollment; and
- C. the new (enrolling) school shall immediately contact the school of origin to obtain relevant academic and other records, including the student's Individualized Education Program (IEP) if applicable. (ESEA Section 1111(g)(1)(E)(i)-(iii)).

School of Origin

The school of origin is the school in which a student is enrolled at the time of placement in foster care. If a student's foster care placement changes, the school of origin would then be considered the school in which the child is enrolled at the time of the placement change. A student in foster care shall remain in their school of origin, if it is determined to be in the student's best interest, for the duration of the student's placement in foster care.

When a student exits foster care, ISMI will continue to prioritize the student's educational stability in determining placement, supports, and services deemed to be in the child's best interests. A student who has exited foster care shall be permitted to remain in the school of origin until the end of the school year.

Best Interest Determination

In making the best interest determination, ISMI will follow the guidelines established by MDE and the State or tribal custodial agencies. ISMI will utilize the prescribed process in conjunction with local custodial agencies in making best interest determinations and will make such determination within five (5) school days of the child's placement in foster care or change in child's living arrangement. Once a determination is made, ISMI will provide the decision in writing to all relevant parties, in collaboration with the appropriate custodial agency. When making decisions regarding educational placement of students with disabilities under IDEA and Section 504, ISMI will provide all required special educational and related services and supports provided in the least restrictive placement where the child's unique needs, as described in the student's IEP or Section 504 plan, can be met.

If there is a dispute regarding whether the educational placement of a child in foster care is in the best interest of that child, the dispute resolution process established by the Michigan Department of Education (MDE) shall be used. ISMI's representatives will collaborate fully in this process, considering relevant information regarding academic programming and related service needs of the child, and advocating for what ISMI believes is in the best interest of the child. To the extent feasible and appropriate, the child will remain in their school of origin while disputes are being resolved to minimize disruption and reduce the possible number of moves between schools. (ESEA Section 1111(g)(1)(E)(i)).

Since the custodial agency holds ultimate legal responsibility for making the best interest determination for the foster child in their care, if the dispute cannot be resolved, the custodial agency will make the final determination. Such final determination will be made within five (5) school days of the child's placement in foster care or change in the child's living arrangement. All notifications and reports regarding foster care placement, changes in school enrollment, transportation services, and changes in the child's living arrangements will be provided to the affected parties, in writing, in accordance with the forms, procedures, and requirements of the MDE and the State or tribal custodial agencies.

Local Point of Contact

The School Leader shall designate and make public a local point of contact who will perform the duties as assigned by the School Leader. The point of contact shall serve as a liaison to coordinate with child protection agencies, lead the development of a process for making the best determination for a student, facilitate the transfer of records, and oversee the enrollment and regular school attendance of students in foster care.

ISMI will provide privacy protections for children and families and shall facilitate appropriate data-sharing pertaining to children in foster care between child welfare and educational agencies, in accordance with the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 – Student Records.

Student progress is monitored through ongoing assessment to inform instruction and ensure the continued implementation of the IEP.

AGE OF MAJORITY

In Michigan, students reach the age of majority at 18. At that time, educational rights under the Individuals with Disabilities Education Act (IDEA) transfer from the parent or legal guardian to the student, unless otherwise provided by law. On or before the student's 17th birthday, the student and parent/legal guardian must be informed of this upcoming transfer of rights.

Students may seek assistance from an advocate or other appropriate support person in making educational decisions and participating in transition planning.

MULTI-TIERED SYSTEM OF SUPPORTS (MTSS)

MTSS is a viable means to intervene prior to academic failure. Using MTSS, Insight School of Michigan can identify students at risk for poor learning outcomes, chronic absenteeism, behavioral concerns, monitor student progress, and provide evidence-based interventions. These interventions can be adjusted as needed depending on a student's responsiveness.

Insight School of Michigan (ISMI) has a documented process for identifying “at-risk” students, built on Michigan’s Multi-Tiered System of Support (MTSS) framework. ISMI stands ready to provide parent/legal guardians and students with the support they need to have a successful academic experience. ISMI will implement a system of three tiers for providing interventions to help all students.

All students in ISMI are a part of Tier 1, with general education teachers supporting the regular ISMI/ Stride K12 school curriculum in two ways:

1. Reviewing, recording, and analyzing benchmarks and all state-mandated testing creating a differentiated Educational Development Plan (EDP) for each student, based on their age-appropriate grade level and on curriculum placement levels.
2. For Tier 2, the general education teacher and/or subject specific specialists provide extra support and attention to students whose progress and test scores show gaps in skills acquisition. Additional Tier 3 support will be added depending on student response to more intensive interventions. Students receiving MTSS support receive progress monitoring and staff members will meet regularly to discuss student progress. Students receiving MTSS tiered support may be referred for a meeting with additional school staff and a student’s Observer if further diagnostic evaluations and possible Special Education services may be warranted. Teachers at ISMI will receive continuing professional development regarding MTSS and the role it plays in our school.

SPECIAL EDUCATION SCREENING

When required, Insight School of Michigan screens and evaluates children to determine eligibility for special education and related services. We undertake screening activities before referring most children for a multidisciplinary team evaluation. Screening activities consist of the following:

- On-going analysis of the child’s response to instruction and performance on statewide and district-wide assessments.
- Reviewing vision and hearing assessments -as mandated by the Michigan Public School Code.
- Baseline assessment and analysis of the student’s response to individualized academic or behavioral intervention over an extended period. Such intervention-based screening occurs when requested by the student’s teacher, parent/legal guardians, or other concerned school personnel.

Special Education services are collaborative teamwork among the parent/legal guardian, teachers, and therapists to provide a systematic problem-solving approach for a quality education to each student. All members of the Insight School of Michigan school community believe that varied instructional practices and learning environments benefit all children.

EMERGENCY HEARING FOR DANGEROUSNESS

If a school has solid reasons to believe that keeping the student in his current school is “substantially likely to result in injury to the child or others”, the school consults with the special education team who may request an emergency hearing to ask a Hearing Officer to transfer the student to an alternative setting for up to 45 school days. Dangerousness may exist even if there is no Code of Conduct violation. It is a consideration based on serious safety concerns for the student and/or the school community.

BULLYING AND CYBER BULLYING

The Board of Directors of Insight School of Michigan has approved the following anti-bullying policy.

Insight School of Michigan believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

BULLYING AND CYBERBULLYING ARE PROHIBITED

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parent/legal guardians, guests, contractors, vendors, and volunteers, is prohibited. All pupils are protected under this policy and bullying, and cyberbullying is prohibited without regard to its subject matter or motivating animus.

DEFINITION OF BULLYING

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

1. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
2. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
3. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
4. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

1. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
2. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by substantial emotional distress.
3. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
4. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.” Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school- sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

REPORTING AND INVESTIGATING REPORTS OF BULLYING

Every student is encouraged to report any situation that they believe to be bullying directed toward a student, a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations they believe to be bullying behavior to the School Leader or the Educational Service Provider. Complaints against the School Leader or the Educational Service Provider shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent/legal guardian or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The School Leader or the Educational Service Provider or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including exclusion from school property for parent/legal guardians, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Board may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

1. Are initiated by the victim.
2. Are approved by the victim's parent/legal guardian or legal guardian or, if the victim is at least 15, by the victim.
3. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
4. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent/legal guardian or legal guardian of a victim of bullying and the parent/legal guardian or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parent/legal guardians of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parent/legal guardians or guardians and any discipline and referrals. The School Leader is the school official responsible for ensuring that this policy is implemented.

CONFIDENTIALITY

ISMI will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent/legal guardian(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

NOTIFICATION

This policy will be annually circulated to parent/legal guardians and students and shall be posted on the Academy website.

REPORTING

As required by state statute, the school shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

SCHOOL OPERATIONS

Student records are maintained at the Insight School of Michigan office or securely stored. The Insight School of Michigan provides parent/legal guardians with access to the academic records of their children. The access rights of parent/legal guardians consist of:

- the right to inspect and review the contents of educational records
- the right to obtain one copy of the education records at no charge, and additional copies, if requested, at a charge. These will be stamped as "unofficial"
- the right to receive from school personnel an explanation and interpretation of the educational records
- the right to a hearing to challenge the contents of the educational records
- the right to bring an attorney or parent/legal guardian advocate to review educational records

A parent/legal guardian seeking access to the educational records may make a request by telephone or in person to the Head of School or designee. However, prior to reviewing and inspecting the educational records, a parent/legal guardian must sign an official request form. Access to educational records is granted within forty-five days of the receipt of the written request. After examining their child's educational record, parent/legal guardians may request a hearing to challenge the contents of the record. The purpose of the hearing is to establish the accuracy of the record. At an informal meeting between the parent/legal guardians and the Head of School or designee, an attempt is made to answer any questions raised by the parent/legal guardians. If the questions are not resolved, a formal hearing is conducted in the office of the Head of School.

In general, the school may not permit access to, nor release of, educational records to third parties without the consent of the student's parent/legal guardians. However, educational records may be released without the consent of parent/legal guardians to another public-school system to which a pupil transfers. Pupil directory information, which includes: the pupil's name; address; date and place of birth; photographic likeness; major field of study; dates of attendance; degrees and awards received; and participation in officially recognized activities and sports may be released without the consent of the parent/legal guardians unless the school is notified annually by the parent/legal guardians not to release the information without their prior written consent. State law provides that the following additional conditions will apply regarding the educational records of special needs students:

- If you have asked to see your student's records, you must be allowed to do so prior to a conference regarding an individualized education program and prior to a hearing regarding the identification, evaluation, or placement of your student.

- You may designate another person to examine your student's records if you wish to have further advice. You may ask for a list of the types and locations of the records kept about your student.

IMMUNIZATION REQUIREMENTS

SCHOOLS VACCINES REQUIRED FOR SCHOOL ENTRY IN MICHIGAN

Whenever children are brought into group settings, there is a chance for diseases to spread. Students must follow state vaccine laws in order to attend school. These laws are the minimum standard to help prevent disease outbreaks in school settings. The best way to protect students in your care from other serious diseases is to promote the recommended vaccination schedule at www.cdc.gov/vaccines. Encourage parents to follow CDC's recommended schedule; by doing so, school requirements will be met.

	All Kindergarteners and 4-6 year old transfer students	All 7th Graders and 7-18 year old transfer students
Diphtheria, Tetanus, Pertussis (DTP, DTaP, Tdap)	4 doses DTP or DTaP 1 dose must be at or after 4 years of age	4 doses D and T or 3 doses Td if 1st dose given at or after 1 year of age 1 dose Tdap at 11 years of age or older upon entry into 7th grade or higher
Polio	4 doses 3 doses if dose 3 was given at or after 4 years of age	
Measles, Mumps, Rubella (MMR)*	2 doses at or after 12 months of age	
Hepatitis B*	3 doses

Varicella (Chickenpox)*	2 doses at or after 12 months of age or Current lab immunity or History of varicella disease	

During disease outbreaks, incompletely vaccinated students may be excluded from school. Parents and guardians choosing to decline vaccines must obtain a certified non-medical waiver from a local health department. Read more about waivers at www.michigan.gov/immunize.
*If the student has not received these vaccines, documented immunity is required.
All doses of vaccines must be valid (correct spacing and ages) for school entry purposes.

WITHDRAWING FROM INSIGHT SCHOOL OF MICHIGAN

Parent/legal guardians wishing to withdraw their children from the Insight School of Michigan must contact their Advisor and complete a withdrawal form to fully process the withdrawal. The Advisor will notify school officials of their decision. The Withdrawal slip/survey must be completed with the advisor for ISMI to forward student records to the next school. The Operations Manager or designee will confirm the withdrawal date once the form has been received and arrange for the return of all school equipment and materials. Failure to return all school equipment and materials in satisfactory condition may result in a collections action. Subject to change.

Upon enrolling through Stride K12 each student is given a laptop and a printer. The laptop is the property of Stride K12 and is required to be returned if the student is withdrawn. The printer is disposable and is not required to be returned. Return labels are found at <https://www.help.k12.com/s/topic/0TO0B000000Q0gjWAC/request-return-labels?tabset-26361=2>

PRINTER INK USAGE GUIDELINES (If issued a printer)

Printer ink is expected to be used sparingly and only for school needs. We encourage families to use the student pages instead of printing. Insight School of Michigan does not provide printer ink cartridges or refills. Refills are the responsibility of the family. To conserve ink, it is recommended that your printer is set to always print in draft mode.

DATA PRIVACY/FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

Insight School of Michigan maintains records concerning all children enrolled, including students with disabilities. Records containing personally identifiable information about or related to children with disabilities could include, but are not limited to, cumulative grade reports, discipline records, enrollment and attendance records, health records, individualized education programs, notices of recommended assignment, notices of intent to evaluate and to reevaluate, comprehensive evaluation reports, other evaluation reports by public school staff and by outside evaluators, work samples, test data, data entered into the system, correspondence between school staff and home, instructional support team documents, referral data, memoranda and other education-related documents. Records can be maintained electronically, on paper, microfiche, audio, and videotape. Records can be in the central administrative offices of the Insight School of Michigan, electronic storage systems and in the secure possession of teachers, school administrators, specialists, psychologists, counselors and other school staff with a legitimate educational interest in the information contained therein. All records are maintained in the strictest confidentiality.

Records are maintained as long as they remain educationally relevant. The purposes of collecting and maintaining records are to:

- ensure that the child receives programs and services consistent with his or her IEP.
- monitor the ongoing effectiveness of programming for the child.
- document for the public school and the parent/legal guardians that the student is making meaningful progress.

- satisfy the requirements of state and federal agencies who have an interest in inspecting or reviewing documents concerning particular students or groups of students for purposes of compliance monitoring, complaint investigation, and fiscal and program audits; and
- inform future programming for and evaluations of the child. When educational records, other than those which must be maintained, are no longer educationally relevant, the public school must notify the parent/legal guardians in writing and may destroy the records or, at the request of the parent/legal guardians, must destroy them. Public schools are not required to destroy records that are no longer educationally relevant unless the parent/legal guardians request so in writing.

The Family Educational Rights and Privacy Act (FERPA) affords parent/legal guardians and students over 18 years of age ("eligible student") certain rights with respect to the student's educational records. They are:

- the right to inspect and to review the student's educational records within 45 days of the date Insight School of Michigan receives a request for access.
- the right to request the amendment of the student's education records that the parent/legal guardian or eligible student believes is inaccurate or misleading.
- the right to consent to disclosure of personal information contained in student's education records, except to the extent that FERPA authorizes disclosure without consent.
- the right to file a complaint with the U.S. Department of Education concerning alleged failures by Insight School of Michigan to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education 600 Independence Avenue,
SW Washington, DC 20202-4605

Parent/legal guardians or eligible students (age 18 and above) may ask Insight School of Michigan to amend a record that they believe is inaccurate or misleading. They should write to the school administrator and clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

If Insight School of Michigan decides to not amend the record as requested by the parent/legal guardian or eligible student, notice will be given to the parent/legal guardian or eligible student of the decision. Information will be given advising him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be included to the parent/legal guardian or eligible student when they are notified of the right to a hearing.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by Insight School of Michigan as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom Insight School of Michigan has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/legal guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility.

Upon request, Insight School of Michigan discloses education records without consent to officials of another school in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states

in its annual notification that it intends to forward records on request.)

(Note: Directory information includes the following information relating to a student: the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight, and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, and other similar information.)

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

[Note: Per 34 C.F.R. § 99.37(d), a school or school district may adopt a limited directory information policy. If a school or school district does so, the directory information notice to parents and eligible students must specify the parties who may receive directory information and/or the purposes for which directory information may be disclosed.]

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Insight School of Michigan, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Insight School of Michigan may disclose appropriately designated "directory information" without written consent, unless you have advised the **Insight School of Michigan** to the contrary in accordance with Insight School of Michigan procedures. The primary purpose of directory information is to allow the Insight School of Michigan to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. **[Note: These laws are Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).]**

If you do not want Insight School of Michigan to disclose any or all the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the Insight School of Michigan in writing prior to the student's start date. Insight School of Michigan has designated the following information as directory information: **[Note: an LEA may, but does not have to, include all the information listed below.]**

- Student's name
- Address

- Electronic mail address
- Photograph

- A student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

The Board of Directors respects the privacy rights of parent/legal guardians and their children. Without prior written consent of the student, (if an adult or an emancipated minor) or their parent/legal guardians (if an un-emancipated minor), no student shall be required, as a part of the Insight School of Michigan program or curriculum, to submit to or participate in any survey,

analysis, or evaluation that reveals information concerning the following:

- A. political affiliations or beliefs of the student or their parent/legal guardians
- B. mental or psychological problems of the student or their family.
- C. sexual behavior or attitudes.
- D. illegal, anti-social, self-incriminating, or demeaning behavior.
- E. critical appraisals of other individuals with whom respondents have close family relationships.
- F. legally recognized privileged and analogous relationships, such as those with lawyers, physicians, and ministers.
- G. religious practices, affiliations, or beliefs of the student or their parent/legal guardians
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Upon request, parent/legal guardians shall have the right to inspect a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the Academy to the student. The parent/legal guardian shall have access to the survey/evaluation within a reasonable period after the request is received by the School Leader.

Upon written request, parent/legal guardians have the right to inspect any instructional material used as part of the educational curriculum of the student. Parent/legal guardians will have access to the instructional material within a reasonable period after the written request is received by the School Leader. The term instructional material means any learning materials provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

The Board will not allow the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information (or otherwise providing that information to others for that purpose).

Insight School of Michigan shall provide notice directly to parent/legal guardians of students enrolled in the school of the substantive content of this policy, at least annually at the beginning of the school year and within a reasonable period after any substantive change in this policy. In addition, Insight School of Michigan shall notify parent/legal guardians of students in the school, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- I. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose); and
- J. activities involving the administration of any survey by a third party that contains one or more of the items described in A through H above.

For purposes of this policy, the term parent/legal guardian includes a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent, with whom the child lives, or other person legally responsible for the welfare of the child).

USE OF MEDICATIONS

Neither the Board of Directors nor the School Leader shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from their educational program.

For purposes of this policy, medication shall include all medicines including those prescribed by a physician and any non-prescribed (over the counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. Treatment refers both to the way a medication is administered and to health care procedures that require special training, such as catheterization. Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician and the written authorization of the parent/legal guardian.

Parents must also authorize any self-medication for their child. Medications will be administered by the Academy in accordance with the School Leader's procedures.

Only medication in its original container that is labeled with the date (if a prescription), the student's name, and the exact dosage may be administered. Parent/legal guardians, or students authorized in writing by their physician and parent/legal guardian may administer medication or treatment. Staff members are to administer medication or treatment only in the presence of another adult, except in an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with knowledge of the Academy's policy and procedures and knowledge of the administration of medications or treatment.

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma (or before exercise to prevent onset of asthma symptoms), while at the school, on school-sponsored transportation, or at any school-sponsored activity in accordance with the Administrative Procedures, if all the following conditions are met:

1. There is written approval from the student's physician or other health care provider and the student's parent/legal guardian (if student is under eighteen (18) to possess and use the inhaler (Form 5330 F1c) and
2. The School Leader has received a copy of the written approvals from the physician and the parent/legal guardian, and
3. There is on file at the student's Academy a written emergency care plan prepared by a licensed physician in collaboration with the student and their parent/legal guardian. The plan shall contain specific instructions on the students' needs including what to do in the event of an emergency. (Parent/legal guardian consent form found at the last page of the handbook)

Students with a need for emergency medication may also be allowed to self-possess and self-administer such medication, provided they meet the same conditions established above. Students prescribed epinephrine to treat anaphylaxis shall be allowed to self-possess and administer the medication if they meet the conditions stated above.

This policy and the Administrative Procedures developed to establish appropriate procedures shall be implemented in such a manner to comply with Academy's obligations and the student's needs under any Individualized Education Plan, Section 504 Plan, or other legally required accommodation for individuals with disabilities. The School Leader shall prepare Administrative Procedures to ensure the proper implementation of this policy.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

The Board of Directors recognizes the use of dietary supplements containing performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students. Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of any dietary supplement containing a performance enhancing compound or a performance-enhancing drug (e.g., anabolic steroids), to a student with whom the staff member, volunteer, or contractor has contact as a part of their duties.

Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of such a dietary supplement by a student with whom they have contact as part of their duties. Use of a performance-enhancing substance

regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice and list shall also be published in the Parent/legal guardian/Student Handbook provided annually.

WHERE TO GO WITH QUESTIONS OR CONCERNS

Insight School of Michigan staff recognizes that life at school does not always run smoothly. As problems arise, school personnel and parent/legal guardians must collaborate to seek solutions. Insight School of Michigan staff also realizes that parent/legal guardians and students do not always know what to do or where to seek out answers. Parent/legal guardians often give up and become frustrated if problems remain unsolved. Please follow these procedures for general information or for assistance in resolving a problem:

Step 1: All concerns and issues should first be directed to the student's teacher for academic/content questions or to the student's advisor. If an Insight School of Michigan teacher cannot resolve the issue (e.g., materials and computer issues) he or she directs the parent/legal guardian/responsible adult to the appropriate student's advisor for assistance. The Insight School of Michigan advisor will monitor the concern to ensure resolution.

Step 2: If the concern is not resolved, parent/legal guardians/responsible adults are advised to contact the At-Risk Coordinator or the Principal.

INFORMAL COMPLAINT PROCESS

Process subject to change. Anyone may use informal procedures to report and resolve complaints of harassment, intimidation, or bullying. Programs may be established for receiving anonymous complaints. Such complaints must be appropriately investigated and handled consistent with due process requirements. Informal reports may be made to any staff member, although staff shall always inform complainants of their right to, and the process for, filing a formal complaint. Staff shall also direct potential complaints to an appropriate staff member who can explain the informal and formal complaint process and what a complainant can expect. Staff shall also inform an appropriate supervisor or designated staff person when they receive complaints of harassment, intimidation, or bullying, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

Informal remedies include an opportunity for the complainant(s) to explain to the alleged perpetrator that the conduct is unwelcome, disruptive, or inappropriate either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator reviewing the school harassment, intimidation and bullying policy without identifying the complainant, parent/legal guardian, guardian, or because Insight School of Michigan believes the complaint needs to be more thoroughly investigated.

FORMAL COMPLAINT PROCESS

ISMI will follow all applicable laws. Anyone may initiate a formal complaint of harassment, intimidation, or bullying, even if the informal complaint process is being utilized. Complainant(s) should not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. Efforts will be made to increase the confidence and trust of the person making the complaint. Insight School of Michigan will fully implement the anti-retaliation provisions of this policy to protect complainant(s) and witness(es).

Student complainants and witnesses may have a parent/legal guardian or trusted adult with them, if requested, during any school initiated investigatory activities. The Head of School or designated compliance officer (hereinafter referred to as the compliance officer) may conclude that the school needs to investigate based on information in their possession regardless of the complainant's interest in filing a formal complaint. The following process shall be followed:

1. All formal complaints shall be in writing. Formal complaints shall set forth the specific acts, conditions or circumstances alleged to have occurred that may constitute harassment, intimidation, or bullying. The compliance officer may draft the complaint based on the report of the complainant, for the complainant to review and sign.
2. Regardless of the complainant's interest in filing a formal complaint, the compliance officer may conclude that the district needs to draft a formal complaint based on the information in the officer's possession.
3. The compliance officer shall investigate all formal, written complaints of harassment, intimidation or bullying, and other information in the compliance officer's possession that the officer believes requires further investigation.
4. When the investigation is completed the compliance officer shall compile a full written report of the complaint and the result of the investigation. If the matter has not been resolved to the complainant's satisfaction, the superintendent shall take further action on the report.
5. The Head of School or designee, who is not the compliance officer, shall respond in writing to the complainant and the accused within thirty days, stating that Insight School of Michigan intends to take corrective action; or that the investigation is incomplete to date and will be continuing; or that Insight School of Michigan does not have adequate evidence to conclude that bullying, harassment, or intimidation occurred.
6. Corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty days after the Head of School's written response, unless the accused is appealing the imposition of discipline, and the school is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.
7. If a student remains aggrieved by the Head of School's designee's response, the student may pursue the complaint as one of discrimination pursuant to The Insight School of Michigan Grievance Policy.

Students will be provided with age-appropriate information on the recognition and prevention harassment, intimidation or bullying, and their rights and responsibilities under this and other district policies and rule at student orientation sessions and on other appropriate occasions, which may include parent/legal guardians. Parent/legal guardians shall be provided with copies of this policy and procedure and appropriate materials on the recognition and prevention of harassment, intimidation, and bullying.

GRIEVANCE/COMPLAINT POLICY

Parent/legal guardians Complaint Response/Due Process Procedure

The Insight School of Michigan is interested in achieving and fostering student/family satisfaction. ISMI will follow all applicable laws. The following procedure ensures that student/family grievances are addressed fairly by the appropriate people in a timely manner. Insight School of

Michigan prohibits discrimination against students/ families based on disability, race, creed, color, gender, sexual orientation, gender identification, national origin, or religion.

The student and parent(s), custodian(s), or legal guardian(s) should address in writing any concern or grievance to the Head of School. The Head of School responds within ten (10) working days.

If the concern or grievance is not resolved by the Head of School, the parent(s), custodian(s), or legal guardian(s) may, within ten (10) working days of the Head of School's response, request a meeting (via phone or in person) with the Head of School to discuss the concern or grievance. The meeting request must be in writing. The Head of School shall investigate and respond within ten (10) working days. If the family's concern is not resolved at the meeting with the Head of School, the family may file a complaint with the Insight School of Michigan's Board of Trustees. The Insight School of Michigan's governing body may address the complaint directly, or the family may file a complaint with the MI Secretary of Education (information can be found on the Michigan Department of Education website).

STUDENT ACTIVITIES

SPECIAL INTEREST STUDENT CLUBS

Student Clubs will be offered to all students, to enhance their complete educational experience at Insight School of Michigan. Clubs facilitate student socialization, community, and in some cases, service. Clubs are sponsored by Insight School of Michigan staff who welcome parent/legal guardian participation, as well. Staff will provide a more detailed list along with contact information as the school year progresses. More clubs may be added as interests arise. Suggestions are always welcomed. Any materials or supplies (outside of supplied curriculum) needed for the clubs are the responsibility of the family—are NOT guaranteed to be provided by Stride K12 or Insight School of Michigan.

GATHERINGS AND FIELD TRIPS

Insight School of Michigan teachers/staff may arrange a variety of special gatherings for students and families on a regular basis. Attendance is not required. However, these special gatherings provide wonderful opportunities to meet teachers, make new friends, and to talk with fellow parent/legal guardians about school. Parent/legal guardians are responsible for the cost of transportation and any other fees. The fees are often negotiated and reduced for our school. Time spent on a field trip counts as attendance in the related subject. For example, a trip to a science museum can count as attendance time in science. All gatherings/notices will be posted in the C.A.S.T.L.E Homeroom found in the learning platform. Any student may attend any outing he or she wishes by submitting an RSVP, if required, to the staff listed in the outing information. Parent/legal guardians, or adults who they specify, are responsible for supervising their student at all times during an outing.

All students are expected to wear clothing that is appropriate for school. WEB CAM USAGE FOR STUDENTS AND FAMILIES

Use of a webcam can be limited or prohibited at any time if proper webcam etiquette or behavior is not

followed. The webcam should be used for educational purposes and academic collaboration only. The ISMI student code of conduct policy applies to all webcam interactions. In addition to common sense etiquette, the following guidelines must also be followed.

DRESS CODE FOR INTERACTION ON WEBCAM

ISMI will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of ISMI. The Board authorizes the Head of School to establish a reasonable dress code to promote a safe and healthy school setting and enhance the educational environment. The Head of School is permitted to establish such dress code guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress practices which:

- present a hazard to the health or safety of the student or to others in the school.
- materially interferes with schoolwork, creates disorder, or disrupts the educational program.
- cause excessive wear or damage to school property.
- prevent the student from achieving their educational objectives.

Clothing must be appropriate for a learning environment even when exhibited on a webcam. The following should not be worn.

- Distracting OR Revealing clothing
- Clothing with content relative to drugs, alcohol, or any other controlled substance
- Clothing with content relative to explicit language or inappropriate content, such as weapons
- Symbolism used by gangs, hate groups, or extremist ideologies
- Costume masks
- Head coverings (such as inappropriate hats and beanies) or sunglasses worn in a building during school hours; no bandanas (all colors), do-rags (all colors), hairnets, surgical/shower caps (Exceptions will be made for religious or medical reasons.)

PLACEMENT OF WEBCAM

Efforts should be made to locate the webcam in an area that meets the following suggestions:

- Limit background noise
- A quiet area without distractions
- Area where other people or animals are not visible – siblings, pets or other people in the home should not appear on camera

Webcams cannot be enabled without the student's knowledge and can only be enabled for educational purposes. The student/parent has the option of disabling or covering the webcam, unless the webcam is legally required to be engaged and visible for attendance confirmation, course requirements or other educational purposes. Certain courses will require face-to-face interaction via webcam. A student not wishing to engage on a webcam may seek an alternative by contacting the Principal or their designee.
